Dear Policyholder

**Policy Number:** «Policy»  
**Adviser Name:** «AgtName»

**Notification of suspension of the underlying fund of Friends Provident International Limited Fund - L14 HSBC Russia (the “Affected Fund”)**

We are writing to you as your policy holds units in the Friends Provident International Limited (“FPIL”) Fund named above.

We have been advised by HSBC Asset Management that in light of recent developments in the Russian market and the continued closure of the Moscow Stock Exchange, with immediate effect they have suspended trading of the underlying fund, and suspended calculation of its Net Asset Value (“NAV”), until further notice.

The Affected Fund has therefore also been suspended, from the date of this letter. No new investments, regular premiums, switches in or out, or redemption requests can be processed until further notice. When an underlying fund to our unit-linked mirror fund suspends publishing a NAV, we are unable to accurately price our mirror fund. In these circumstances it may be necessary to price the mirror fund at zero, until the underlying fund starts trading again and we are able to start pricing the fund again.

Any future premium allocation (if applicable) which would have been applied to the Affected Fund, has been automatically redirected with effect from 28 February 2022. The receiving fund is **J42 JPM USD Money Market VNAV** (“Default Fund”); however where a policy currently holds 10 funds, the allocation will instead be diverted to the fund holding with the highest value.

**There are presently no other changes to the underlying fund or the Affected Fund. The situation with Russia is rapidly developing and therefore subject to change at short notice. You may wish to contact FPIL in order to confirm the current position.**

Should you wish to select an alternative fund to receive future regular premiums (if any), you are free to do so, without charge. This can be done online through the FPI Portal - simply log in at <https://portal.fpinternational.com>.

**Whilst appropriate due diligence has been carried out on the Default Fund we do not accept any liability for the future performance of this, or any other FPIL funds.**

**These changes will happen automatically within your policy or contract and you do not need to take any action if you agree with the choice of Default Fund that we have selected.**

**We recommend that you seek the advice of your usual financial adviser before making any investment decisions.**

Factsheets are available through the Fund Centre section of our website ([www.fpinternational.com](http://www.fpinternational.com)) for the alternative funds available to you. Full details on the underlying funds into which the Friends Provident International fund range invests can be found in the fund prospectus, which is available on request.
